SUMMARY

B.Tech 3rd-year Data Science student with strong problem-solving abilities and a solid foundation in Data Structures and Algorithms. I have hands-on experience as a Data Analyst, specializing in Excel, Power BI, Power Automate, SharePoint, and Snowflake to build interactive dashboards, streamline workflows, and design efficient data pipelines. Highly motivated, I enjoy learning new things, apply them effectively. I can collaborate effectively and manage time, ensuring deadlines are met consistently.

SKILLS

Programming Languages : Excel, Power BI, Power Automate, SharePoint, Snowflake

Data Analytics & BI Tools : C, Python, Java, HTML, CSS.

Tools : Git, GitHub, VS Code, Jupiter Notebook, Postman API.

Databases : MySQL, MongoDB (NoSQL)

PROJECTS

Project Title : CodeRadar

Key Features: CodeRadar is an automated performance monitoring solution designed to analyze students' coding progress by integrating Excel, SharePoint, and Power Automate. It features an interactive dashboard that visualizes trends, rankings, and comparative insights, while leveraging conditional formatting to highlight performance gaps. Additionally, the system automates email notifications to students falling below defined thresholds, enabling proactive interventions and streamlined academic monitoring.

Tools Used: Excel, Power Automate, SharePoint, Outlook.

Project Title: Internship Management System

Key Features: Developed an automated system to streamline the internship application and approval process within the college. Used Excel for data management, Power Automate for workflow automation, Outlook for email notifications, and SharePoint for centralized storage and collaboration. This project improved the efficiency and transparency of internship tracking for both students and faculty.

Tools Used: Excel, Power Automate, Outlook, SharePoint.

CERTIFICATIONS

- Data Analytics Job Simulation Certificate, Deloitte | [Link](#).
- Getting Started with Data Certificate, IBM SkillsBuild | [Link](#).
- Basics of Python Course Completion Certificate, Infosys Springboard | [Github](#)
- Oracle Certified Professional – Generative AI on Oracle Cloud Infrastructure, Oracle University | [Link](#).

Internship

- **Technical Hub:** Offered and accepted internship as Data Specialist Intern at Technical Hub Pvt.Ltd., focusing on real-time data solutions, automation, and applied analytics (May–June 2025).
- **SmartInternz:** Selected for a Government-recognized Internship Program under APSCE, focusing on Data Analytics with Tableau – gained hands-on expertise in data visualization and interactive dashboard development (Jul–Aug 2025).

Experience

- **Data Specialist Intern – Technical Hub Pvt. Ltd. (May–Jun 2025)**
Engaged in real-time projects focusing on data analytics, workflow automation, and process optimization, enhancing operational efficiency through applied data-driven solutions.
